

Natalie Cole, I Can't Say No

Here I am
There you are
If you ask me to walk a thousand miles just to be where you are,
I can say no
If you ask me.
If I had a dime, it yours as well as mine.
I keep the penny, you know I would and gladly give you the nine.
I can say no
If you ask me
Ooh, ooh, ooh,
If you told me tonight to get up
Pack my bags let go away,
I wouldn't even care what my Mommy, what my Daddy might have to say.
cause I can say no
If you ask me .
Ooh, ooh no!
(You're too beautiful to be. to be)
You know I can say it, baby no!
(You mean everything to me)
No ifs and no maybe
No!
(that why I, that why I, that why I, that why)
You know I can say it baby,
I can say no
If you ask me.
Ooh ooh ooh. Sometimes I get so angry with him
I walk around I pout all day.
And then he kisses me and asks me do I love him
In a sweet soft sexy kind of way,
I can say no
If he asks me.
On No I can say no if he asks me.
I can say so if he asks me
