

Natalie Cole, Our Love

You're my morning star
Shining brightly beside me
And if we keep this love
We will last through all eternity
Just the way we are I love it, love it
It's just the way it should be

'Cause our love will stand tall as the trees
Our love will spread wide as the seas
Our love will shine bright in the night
Like the stars above
And we'll always be together, our love

My love is surely one thing
You can surely depend on
In times of darkness and fear
I go to you
I know you'll make me strong
You're gonna make me happy
You're gonna make me smile

'Cause our love will stand tall as the trees
Our love will be for the whole world to see
Our love will change people's wrongs to right
And we will never die
'Cause we'll always have each other, our love

Our love will stand tall as the trees
Our love will spread as wide as the seas
Our love will shine bright in the night
Like the stars above
And we'll always be together

Our love, yeah, our love
We got a good old fashioned love
Hey, hey baby, our love
