

# Natalie Grant, Love Without Limits

There is love that no height, no depth, nor any power could take away  
See the faces in the crowd  
everyone is reaching out  
searching for something that's real

see the souls behind the eyes  
left with no way to disguise  
the yearning inside

Chorus

He loves without limits  
sees us every minute  
wherever we are walking  
he is near  
his spirit is relentless  
his hope for us is endless  
I know, I know  
He loves without limits

there's no mountain that's too steep  
there's no ocean that's too deep  
nothing can keep him from us

He's the lover of our souls  
he's the one that makes us whole  
oh, don't you know  
If we could only see how far  
God will reach to touch our hearts

Repeat Chorus

I know, I know nothing can separate us  
I know, I know God's love is limitless

Repeat Chorus
