

Natalie Imbruglia, Against The Wall

Saw your light on
From the second story
So I waited
There was nothing for me
Shouldn't really be hard now

Been a long time
But I had it coming
Hesitation is leaving me with nothing
I've waiting to tell you
For so Long , so long

I didn't mean to fall
You've got me up against the wall
I've wanted you all along
But you couldn't hear me call
Keep me backed up in this corner
And I won't go
You've got me up against the wall

Heard a siren
Screaming out a warning
In the silence of the early morning
And I'm thinking about you
I know now
This is how should be
All the best things
That ever happened to me
Never happened without you
For so long, so long

I didn't mean to fall
You've got me up against the wall
I've wanted you all along
But you couldn't hear me call
Keep me backed up in this corner
And I won't go
You've got me up against the wall

Every time I turn around
I can feel it getting through
It turn me up side down
And all i see is you

I didn't mean to fall
You've got me up against the wall
I've wanted you all along
But you couldn't hear me call
Keep me backed up in this corner
And I won't go
You've got me up against the wall
