Natalie, Something About You

(feat. Russell Lee)

(Chorus)
When I'm without you, I think about you
Baby boy, all day
There's something about you, I like about you
Something about your ways
When I'm without you, I think about you
Baby boy, all day
There's something about you, I like about you
Something about your ways.

I never had anybody come sweep me away the way you do,
I used to think it was funny the way you had girls trippin on you
I used to say you wouldn't get me like this
I used to play, try to play
I used to be, the one you had to chase
now I see what I got to take.

If it takes getting ot know you much longer than you should
I would go through it all for you, but I never thought I would
Cause the way you had me, is a mystery and I can't figure it out
The way you put it on me, with that smile of yours, now I need you around

(Chorus)

On a cloudy day, I could bring you sunshine, summer skys
I just had to say, that I know you never felt this way
I tell ya, by the way You're the one that I adore
Just let me say, it's you, it's you I want to know
Oooh girl, it's time for you to love me tonight
(it's time to love me tonight)
Lady, lady, lady lady lady
I told you, you'd be feeling me

(Chorus)

Boy you know that you're my baby
I love the way you make me smile
it took some time for me to see you
I know you've been there for a while

Baby girl You know I want you
I want to show you love
You really gotta know that
That i'm a fool in love
(fool in love)

(Chorus x2)
