

Natalise, Tell Me

You used to come over to my house just to say goodnight
Remember when you would come home early so you could hold me tight
Now all things have changed
our love is not the same
How I need to know for sure

(chorus)

Tell me
That I'm the one that you need
I'll be your only baby
From now until eternity
Won't you tell me

You used to never care what your friends would say
You just wanted to be with me every night and day
Now all things have changed
Our love is not the same
I just need to know for sure

(chorus 2x)

Tell me
That I'm the one that you need
I'll be your only baby
From now until eternity
Won't you tell me

Tell me That I'm the one that you need
I'll be your only baby
From now until eternity
Won't you tell me

(bridge)

Everyone says you love and I know it's true
But I just want to hear it from you

(chorus)

Tell me
That I'm the one that you need
I'll be your only baby
From now until eternity
Won't you tell me
