

Natan Gryga, Queen of Kings - Przesłuchania w c

She, queen of the kings running so fast
Spinning the web
Nothing in the world can stop the spread of her wings

She, queen of the kings broken her cage
Threw away the keys
She will be the warrior of the north and southern seas

The raven hair as dark as night
I see eyes outta sight, outta sight
Her heart is bright, is warm and bright
Her smile awakens the northern light

Look at how she calls
Lai-ra-ra-rei-ra
Who will conquer all?

Her name is She, queen of the kings running so fast
Spinning the web
Nothing in the world can stop the spread of her wings

She, queen of the kings broken her cage
Threw away the keys
She will be the warrior of the north and southern seas

A firestorm forging flames
The wildest card run the game, run the game
Can't say the same in this world of change
Don't fear the pain just break the chains

Look at how she calls
Lai-ra-ra-rei-ra
Who will conquer all?

Her name is She, queen of the kings running so fast
Spinning the web
Nothing in the world can stop the spread of her wings
