

Natasha Thomas, Rollercoaster Ride

Sometimes I feel our love is strong
Sometimes I think our love is wrong
Are we really meant to be
Or should I break free
I never quite know which way to turn
So far there's just one little thing that I've learned

(Chorus:)

It's never gonna stop, this crazy thing called love
It's a rollercoaster ride
At one point I'm on the side, next thing I'm almost flying
It's a rollercoaster ride
Sometimes I'm up sometimes I'm down, sometimes I'm spinning 'round
And it's never gonna stop, this thing called love...

Sometimes I almost hit the breaks
but then I think 'bout what's to steak
You're the only one I love
So I decide not to stop

(Chorus)

Changed my mind about a million times, I wanna walk away but my
hears wants to stay, so I don't know
I'm never quite sure 'bout which way it's gonna go

(Chorus (2x))
