

# Natasza Urbańska, Who We Are (piosenka na Eu

I wish to weave a story  
Where souls are not too vain  
Where war exists in stories  
But no one knows their pain

I'm a little girl with a little dream  
Tell me why I'm sorry I'm sorry  
I know all the pain  
Going to the end  
Tell me why  
I'm falling  
I'm falling

Think about it who we are  
We're all written in the stars  
It's easier to think of life as a game

This is love  
This is pain  
This is fire

In my in my head all the monsters in  
my head in my  
I don't care call my angel in the pray  
and I  
I feel blessed I feel power in my  
veins in my  
In my veins in my in my veins in my

(Ooo) In my veins in my love and grace in my  
(Ooo) In my veins in my in my veins in my

Please believe the story  
Where people don't pretend  
Where no one is lonely  
And lightness bright the end

Think about it who we are  
We're all written in the stars  
It's easier to think of life as a game

This is love  
This is pain  
This is fire

In my in my head all the monsters in  
my head in my  
I don't care call my angel in the pray  
and I  
I feel blessed I feel power in my  
veins in my  
In my veins in my in my veins in my

(Ooo) In my veins in my love and grace in my  
(Ooo) In my veins in my in my veins in my

Ooo  
(In my in my head all the monsters in  
my head in my  
I don't care call my angel in the pray  
and I)  
Ooo  
(I feel blessed I feel power in my  
veins in my In my veins in my)

in my veins in my

in my head all the monsters in

my head in my

In my veins in my love and grace in my

I don't care call my angel in the pray  
and I

In my veins in my, In my veins in my
