

Nate Dogg, My money

Will the hardest man please stand, the homie stood right up
Saggin pants, gat in hand, the nigga was a nut
Looney low key, O.G., been bangin from the jump
Dressed in all black, ready to jack, and he still don't give a fuck
A friend of of mine, he used to be, before I got caught up
He used to roll with me, way back in '93, when I was broke as fuck
Be prepared to blast, that's all that he ask, if he's to ride wit you
We gonna make some cash, and dash, you can toss him when ya through

[Chorus]

The hardest man in town

The hardest man in town

The hardest man in town

The hardest man around

Little big man, don't you see me lyin here; pick me up, if you dare

I'll make you're life easier, cuz I'll be pumpin fear

Disrespect, you don't have to take

If you see him comin, just wave me in his face

But you ain't the only one that got a friend like me

So hurry up, let's go, I'm kind of tired of being broke

I know you gotta get paid, I can show you the way

So take me home, polish the chrome

Load me up, and put me to his dome

I got a lot work to do, so toss me and be gone

You're a big man now

You're a big man now

You're a big man now

You're a big man now

I told you once before I'm pumpin fear

Nobody's gonna step to you, let them know I'm here

And if you have questions in the corner of your mind

Pull the trigger, and leave your questions behind

[Chorus until fade]
