

Nate Sallie, Beautiful Surprise

Maybe no one ever told you
Was anybody there to hold you
And I can see you've lost your confidence,
But from where I stand you're perfect,
And that makes no sense

I tell you you're amazing,
And I tell you that you're fine
But you just look at me and say I'm blind

(chorus)
If you could see yourself through my eyes
Oh baby if you only knew what you have inside
If you could look beyond the illusions in your mind
Baby you would find
A Beautiful Surprise

You've got a special way about you
Don't ever let nobody doubt you
You are so incredible, and I want you to know
That it's time to see you're wonderful,
And just let go

Yeah, I tell you you're amazing,
And I tell you that you're fine,
Don't you know, that you're one of a kind

(chorus)
If you could see yourself through my eyes
Oh baby if you only knew what you have inside
If you could look beyond the illusions in your mind
Baby you would find
A Beautiful Surprise

I remind you who you are,
Cuz' in my eyes you are a star
There is nothing quite as bright
As when you're shining
Underneath those foolish lies
There's a beautiful surprise

(chorus)
If you could see yourself through my eyes
Oh baby if you only knew what you have inside
If you could look beyond the illusions in your mind
Baby you would find
A Beautiful Surprise

If you could see yourself through my eyes
Oh baby if you only knew what you have inside
If you could look beyond the illusions in your mind
Baby you would find
A Beautiful Surprise
A Beautiful Surprise
A Beautiful Surprise
A Beautiful Surprise
