

# Natural, Put Your Arms Around Me

Put Your Arms Around Me

How am I supposed to know, when the nights, last forever?  
When am I supposed to stop, missing you, when I know ill never?  
Times moving slowly, im standing still.  
Come back and say that you will...

CHORUS

Put your arms around me  
Your the one and only  
I'll be here if u let your heart show the way.  
Come lay down be beside me  
Put your arms around me.  
I'll be here when the dawn meets the day

You tell me not to count the days,  
And I don't, I'm down, im down to hours  
No matter what you tell me, over the phone  
I wanna see it in your eyes, (in your eyes)  
Can't put my arms around a, photograph  
Life from a distance don't last

CHORUS

Put your arms around me  
Your the one and only  
I'll be here if u let your heart show the way.  
Come lay down be beside me  
Put your arms around me.  
I'll be here when the dawn meets the day

Only you can revive me  
And save me from a broken heart.  
I wanna have you beside me  
Together make a brand new start

Put your arms around me

CHORUS (repeat 2x)

Put your arms around me  
Your the one and only  
I'll be here if u let your heart show the way.  
Come lay down be beside me  
Put your arms around me.  
I'll be here when the dawn meets the day

Come lay down be beside me  
Put your arms around me.  
I'll be here when the dawn meets the day
