

Natural Vibrations, Bettah World

(Chorus)

We can make this a bettah world, if we all just give love a try
We got to stop fussing and fighting and help out the other guy
Can we make this a bettah world, can we all just give love a try
We got to stop fussing and fighting and help out the other guy

All around the world there's so much poverty
Many men don't even have a dime
It seems like everyone is heading for self-destruction
People everywhere are turning to crime

We got to keep on living in a positive way
We got to keep our children from going astray
No more war! No more violence! No more prejudice!

(Chorus)

Looking all around, there's so much pollution
No respect for our beautiful land
Mankind is living in fear, in fear of nuclear devastation
We need more love in this here land

We got to keep on living in a positive way
We got to keep our children from going astray
No more war! No more violence! No more prejudice!
