

# Naturally7, How could it be?

How could it be?

You would turn your back on me

After all the love we've shared.

How can I say? (How should I say)

It seems like love just sailed away

A lonely heart has got me scared.

When will I know?

If you will stay or choose to go.

The thought alone I've always feared

When will you see?

You're mine and that's no mystery

To play this part I'm unprepared.

Dreaming all day, that your in my arms and here to stay (Yes you are)

Shattered without you, these memories of love,

Won't fade away.

Like a scene that poorly written

I'm a pawn inside the game

Though checkmate seems unavoidable

I keep moving just the same

My heart is broken, though I've spoken

These same words a thousand times

My only comfort is in Jesus

Beyond the hurt and silly rhymes

How could it be?

How could it be?
