No wind (no wind), No rain (no rain)
Or winter's cold.....Can stop me baby (oh babe)
Baby (baby)..if you're my goal.....oh!
It's about to go down ma
I'm about to do my thing
Make you real proud, make the whole world sing
But I'm a' do it right, the way you taught me
Can't sell my soul for gold
Cause God already bought me
You always said 'Good things will happen to those that wait'
So I waited on his grace, I can't wait to see your face
When we up there for that Grammy, I'm a' dedicate it to you
So sit back relax, and watch it all come true
If you can feel this feeling that I'm feeling
Like standing for the first time
Before that I was kneeling
Mom said it best 'you gotta talk to him'
Now I gotta do the rest, I gotta walk to him
He said.....'Ain't nobody gonna hold you down'
He said.....'I'm gonna give you all a brand new sound'
He said.....'Ain't nobody gonna break-a your stride
Alright, alright, alright
Chorus
So I know that I'll find what I'm looking 4
What I'm looking 4, that's what I'm looking 4
Ma, remember when we used to rehearse down in da basement
That was along time ago...yea! you've been patient
You played us 'Stop, Look, and Listen' by Marvin and Diana
We thought you had skillz with that chopsticks on piano
You always said 'whatever you do, make sure you do it well'
Well I'm doing it ma.....can ya tell?
I know you can cause I can see it in your smile
I've been looking at it since I was a child
Everytime I stumble, I keep moving
That keeps me humble, that's what that keeps on proving
Mom said it best, 'I gotta learn with time'
Now I gotta do the rest, I gotta earn what's mine.
Chorus
Na na na na, na na na na, na na na na, na-no no no no
You can tell by the spirit (tell)
You can tell by the style (tell)
I'm like a river, (river) so I'm-a flow like the Nile (that's right)
You can tell by the hunger (tell)
We've been waiting a while (waiting)
He said 'it won't be long now. Can you handle the miles?' (Just a few more miles to go)
Chorus
Ain't no mountain high enough
Ain't no valley low enough
Ain't no river wide enough
No!.....no!
