

Nature Living, As Time Goes On

There will be for the last world
There is what there, I seem to arrive
I can not take a look
Because I was not know inside
Remember so in high spirits time
I feel being stifing all has bee over

Why wonder me now oneself
Still will you learn of that time
A lot of things, it will be over with long time
When I was given to and where to find

My mind is here and there
Because I was not know inside

It will be fine tomorrow
There is what there, I seem to arrive
Because I was not know inside
Remember so in high spirits time
All has been over
