

NAV, Myself

Driving solo I;m just swearing through my ends
When I'm sober I just don't like who I am
Pour me up a 4 and I'll feel like myself again
Roll me up some dope and I'll feel like myself again
I'ma break a very box they try to put me in
I got a lot of enemies who used to be my friends
Pour me up a 4 and I'll feel like myself again
Roll me up some dope and I'll feel like myself again
