

# NAV, Myself

Driving solo I;m just swearing through my ends  
When I'm sober I just don't like who I am  
Pour me up a 4 and I'll feel like myself again  
Roll me up some dope and I'll feel like myself again  
I'ma break a very box they try to put me in  
I got a lot of enemies who used to be my friends  
Pour me up a 4 and I'll feel like myself again  
Roll me up some dope and I'll feel like myself again
