

# Nazareth, Do You Wanna Play House

Call me ready, call me ready or not  
And I'll say yeah! yeah! yeah!  
Give it all I got  
Call me in the morning, when I'm half asleep  
River's runnin' high on the mountain deep

Call me deadly, call me deadly serious  
And I'll say yeah! yeah! yeah!  
I couldn't care enough  
Call me when you want to control the vice  
I'll defend your honor when you roll the dice

Do you want to play house, do you want to play house  
Playin' in the house of love?  
Do you want to play house, do you want to play house  
Playin' in the house, playin' in the house of love

Call me over, call me over the top  
And I'll say yeah! yeah! yeah!  
Never wanna stop

Call me on hire when you're in your shell  
Wanna be your fire, wanna ring your bell

Do you wanna play house, do you wanna play house  
Playin' in the house of love  
Do you wanna play house, do you wanna play house,  
Playin' in the house, playin' in the house of love?

Call me never, call me never say die  
And I'll say yeah! yeah! yeah!  
Take me alive  
Call me undercover when you bake your bread  
Wanna be your lover, wanna make your bed

Do you waana play house.....
