

Nazareth, Love, Now You're Gone

Love, now that you're gone,
I just can't carry on.
Love left a space,
I can't erase that face.
Love that I knew gone like the morning dew.
What will I do without her?

Love, where is she now?
I sit and think of how
She used to be
Happy to be with me.
Love that I knew gone like the morning dew.
What will I do without her?

(Without her...)

Love, left me for good,
I never thought she would.
Now I'm alone,
Wondering where she's gone.
Love that I knew gone like the morning dew.
What will I do without her?
