

# Nazareth, Witchdoctor Woman

(copyright nazareth, tiffis tunes, inc.- ascap)

I'll make the stars fall out of the sky  
Make the seas and the rivers run dry  
There is nothing I can't do  
Lord I'll put my spell on you

Praise the mountains down to the ground  
Make the clouds and the rain fall down  
There is nothing I can't do  
Lord I'll put my spell on you

Chorus:

I'm your witchdoctor woman  
And I'm gonna put my spell on you  
I'm your witchdoctor woman  
Lord I got my mind on you
