

# Nazgul, Impetus Quartae Lunae Novae

Quarta nova luna est anni Zorg et Baazgor  
Impetum facturus est in arcem Kamuth.  
Tenebrarum amplexus ad continendum exercitum  
Sulphureum non sufficit.  
Vigiliae ad arma conclamant et statim oleum  
Fervidum de moenibus manat, cum caelum  
Plurimis telis missis a sagittariis illustratur.  
Tenax est patientia humana sed nihil potest  
Contra Arefe's lapidis consumptores qui suis  
Validis maxillis Kamuth devorant.

(THE ASSAULT OF THE FOURTH NEWMOON)

It's the fourth newmoon of the Zorg's year and  
Baazgor is ready to attack the citadel of  
Kamuth, last human stronghold.  
The embrace of darkness isn't enough to contain  
The sulphurous army.  
The sentinels give warning and suddenly boiling  
Oil strains from the walls  
While the sky is illuminated by hundreds of  
Darts flaying by the elves archer.
