

# Nazz, Train Kept A Rollin'

On a train, I met a dame  
She was so handsome, she was a knock out girl  
She was pretty from new york city  
Oh I loved her up and down that whole damn track  
With a heave and a ho, well I just couldn't let her go  
Get along, sweet little woman, get along  
Come on now get along

Train kept a rollin' all night long  
Well the train kept a rollin' all night long

Came a stop and I was jerky  
She was a fowl and I was a real guy turkey  
She got off the train  
But she looked so good, well I just couldn't let her go
