

# Nbhd Nick, Add It Up

I ran up a check and I might do it again  
Enemies close had me thinking they were friends  
Ten toes down I'll be free until the end  
Crib outside the city I don't feel safe in my ends  
Took so many L's I'm just waiting for the wins  
I'm in debt to no one but the one who took my sins  
I do it for real, it's no reason to pretend  
If I do it once, I do it again

Add it up  
Bankroll, Euro, Peso  
Add it up  
I'm just doing me, everything is on me, are you mad or what?

(Add it up)  
Told her if that's all me everything is on me, gon' back it up  
(Mad or what)  
Told you Ima do me, why you hating on me it's not adding up

I do road like a Mack truck, country heart I might cop a farm and go act up  
Lot of scars, I was cold hearted now I'm back up  
Keep it real I do this once I month I don't rap much  
I just take the money and go stack up only buying Carhartt call Kara to get tatted up  
All that other bull it don't matter much  
You only climb but me I put the ladders up  
Never fold, I done doubled up on the workload  
I think I fell in love with the bankroll  
Pray up, get money then we lay low  
(And we lay low)
