[Verse 1]

I been on a flex since flex zone

Neighborhood all in your ear drums

Ain't never scared like bone crush

Boy, I got God don't fear none

My Line busy take no calls

Feel like I don't have no flaws

Snakes in the grass cut those off your

Whole squad shady my bros raw

No brakes we go, go, go

Throw shade that's a no, no, no

We go high you go low, low, low

Like spitta in a six four four

Cash money like the 5-0-4 Ball like

A-D-2-4 no sleep need more, more, more
