

Ne-Yo, Don't Take It Personal

Shoulda known it when I met you
Everybody was trying to tell me
But you had me blinded
It's all good though
Now I understand

Verse 1:

What you did was shady, girl
Thought you were my lady, girl, that's why
I straight made you girl
Gave you all the finer things in life
Homie said to stop the flow
Told me you were nothing but a ho
I ignored him though
And you took me through fo sho

Chorus

I guess this must be why
Most guys (Don't get personal)
Just when we decide
It's all right (We get left alone)
And even though I try, I can't hide

(What I'm going through)

Thought you would be mine, only mine (and I fell hard for you)

Verse 2:

I guess I shouldn't even trip
Homie said get over it, I've tried
But I can't forget
How you had me open for your lies
Every other girl I meet
Can't even trust, because I've seen
What you've done to me
Ain't no telling when I'd be ready

Chorus x2

I remember when, you said I was your only man
But I'm wiser now, and I'll never hurt again
Getting over you, if it's the last thing that I do
No, we can't even be cool
I don't need a friend like you

Chorus x3 til fade
