

Ne-Yo, Girlfriend

She's a goddess ghetto queen
Sitting at the park eating sunflower seeds
And I don't know if I'm being cocky
But I swear I think that she was staring at me
I stepped to her like
Hey sugar mama you outta line
Being how ya lookin so fine
Just wanna know how I could buy
Some of your time
She said sorry your not my type

(Chorus:)
She blew my mind when she replied
I gotta girlfriend
Girl that's alright I'm not hatin
Just tryin to cool wit u cool wit u

Sure that's your lifestyle ain't nuthin wrong
To be honest girl it kinda turns me on
I ain't even tryna to gash up a happy crib
But you can call me when you need that alternative
Or someone to hold a camera with a steady hand
Don't you even trip
Girl I'm your man
Or if you decide to give the male race a second chance
She said sorry but I'm taken

(Chorus:(2X))
She blew my mind when she replied
I gotta girlfriend
Girl it's alright I'm not hatin
Just trying to cool wit u cool wit u

Girl girl girl girl girl
What's crackin with menage-a-trois?
Girl girl girl girl girl
Is it even cool if I can just watch?
Girl girl girl girl girl
Baby I just wanna cool wit u
