

Ne-Yo, Love Migraine

It's making
My head hurt
I gotta migraine
Because your not
Supposed to be here
I don't wanna love you
Your somebody else's
Yeah
She made it
Perfectly clear
She told me
If i saw you tonight
To tell you
She forgives you
And that she knows
That we been together
For about a year
She said that she know
That i love you
But not like she does
I think it'd be best
If you got your things
And got out of here
I gotta migraine
Someone please
Come stop the pain
I can't take
This love migraine
My head don't hurt
As much as my heart, no
Someone please
Come stop the pain
I can't take
This love migraine
My head don't hurt
As much as my heart, no
Just can't take
This love migraine
I wish you'd of told me
That you had a daughter
I would have
Liked to meet her
Would've been nice
While were on the subject
I want you to have it
I guess you could have
mentioned the fact
that you have a wife
Someone please
Come stop the pain
I can't take
This love migraine
My head don't hurt
As much as my heart, no
Someone please
Come stop the pain
I can't take
This love migraine
My head don't hurt
As much as my heart, no
Just can't take
This love migraine
Just can't take
This love migraine

Someone please
Come stop the pain
I can't take
This love migraine
My head don't hurt
As much as my heart, no
Someone please
Come stop the pain
I can't take
This love migraine
My head don't hurt
As much as my heart, no
Just can't take
This love migraine
