

Ne-Yo, One More (ft. T.I.)

Excuse me,
You look like you just got off work
and if I may assume, baby
You work hard but you don't get much to worth
Am I right?
Let me take another guess,
You're a little stressed and I bet that you feel hurt
No, I don't read minds
But I just know what that look like when a woman worked all night
Tryna get half, ain't right
I don't know where you've been, and I don't know what you've been doin'
But something telling me you, you deserve a drink or two

Bartender, let me get one more for the lady
Let me get one more for the lady /3x
Whatever she wants
Let me get one more for the lady /3x
Whatever she wants
Let me get one more for the lady /3x
See I don't know where you've been, and I don't know what you been doin'
But something telling me you, you deserve a drink or two
You deserve a drink or two

See I was thinkin', over in the corner while I was drinkin'
See you've probably been lookin' for way more out a weekend
Than freakin' and watchin' the Sun fly so high
But you feel so nasty and don't know why
You tried all the things that you weren't gon' try
Like kiss body parts if it wasn't on a guy
But your girl's in the bed and it wasn't undivided
And wasn't no ambition, and everybody wishin'
We'd have did this shit way back then, why we didn't?
Even if you went too far, it's forgiven
You were high when you did it, everybody was trippin'
Promised you'd forget it, but everybody didn't
You're like, this ass doesn't land in the air, body mitten
And I don't just be lookin' on everybody's kitten
But you get in the room and my dick in the room
Make your forget about all the chicks in the room, like that

Ain't gon' lie to you, baby
Wish I could take you somewhere, my bride
Ain't gon' lie to you, baby
Get all in your mind and see what's inside it
Ain't gon' lie to you
I want you, how could I not with a booty so fat?
I don't wanna get on your nerves and test your patience
I ain't tryna do that, no
Ain't gon' lie to you, baby
I would love the opportunity to rub your feet
Ain't gon' lie to you, baby
If you with it, I got somebody sexy you should meet
Ain't gon' lie to you
You had a long night, I'm just tryna help you end it right
So if I may be so bold, can I get you one more to go?
