

# Ne-Yo, U 2 Luv (feat. Jeremih)

I don't want nobody else  
I don't want nobody else  
Give you all of my attention

It's straight shots no champagne sipping tonight  
Add Netflix to shit massage  
Bette ryeet turn that shit off  
Cause i love to hear tou cussing at home

Like oh shit, baby too deep  
You never felt this feeling when i touch you  
I never love  
Nobody like i love you

That's why i only want you to love  
I don't want nobody else  
I only want you to love
