

Neal McCoy, Count On Me

I met you on a Tuesday
Trying to shake the Monday blues
Somethin' in your smile told me
I had nothin' to lose
Still hurtin' from a love gone wrong
I'd given up til you came along
That's when you got a hold on me
And showed me what a love can be

You took the one out of lonely
And put the two back in together
With three little words, I love you
Forever and ever, endlessly
You can count on me

Now my troubles are behind me
Ever since I called you mine
Oh, every day is bright, baby
Even when the sun don't shine
Every dream I was hoping for
You gave to me and so much more
Baby, you're the only one
Just take a look at what you've done

You took the one out of lonely
And put the two back in together
With three little words, I love you
Forever and ever, endlessly
You can count on me

You really got a hold on me
You showed me what a love can be

You took the one out of lonely
And put the two back in together
With three little words, I love you
Forever and ever, endlessly
You can count on me

(One out of lonely)
You can count on me
(Two back in together)
You can count on me
(Three little words)
I love you

(One out of lonely)
One out of lonely
(Two back in together)
Two, two together
(Three little words)
Count on me
