

Neal McCoy, I Ain't Complaining

We could use a bigger house
We need a new car
The money in the bank
Could fill a mason jar
And there's nothing 'round here
That don't need fixing
But our love, baby's in A-One condition

So, I ain't complainin'
Even if the rain falls right through the roof
I ain't complainin' as long as I got you

I get up every day
I'm puttin in the hours
There's things about the job
That ain't no bed of flowers
But when I hear your voice
My heart just starts a hummin'
It's in your arms baby, I come a runnin'

So, I ain't complainin'
Even if the rain falls right through the roof
I ain't complainin' as long as I got you

Pull down the shades
Take the phone off the hook
We may not have it all
But we sure got it good

So, I ain't complainin'
Even if the rain falls right through the roof
I ain't complainin' as long as I got you

I ain't complainin'
I ain't complainin' as long as I got you

I ain't complainin'
I ain't complainin' as long as I got you
