

Neal McCoy, They Are Playin Our Song By Neal

Somebody's at the front door
I can hear 'em knocking
Your momma's on the phone
And she feels like talking
There is chicken on the Barbeque, Barbecuing
Don't worry bout it baby,
just drop what your doing

Cuz they're playin our song on the radio
OK Mr. D.J. and a way to go
A million watts of love power comming on strong
Dance with me darling they're playing our song

Oh the house needs cleaning,
The grass needs mowing
We both got places that we need to be going
Tomorrow's a big day
Better get ready
But tonight just you and me
Rock and steady

Cuz they're playin our song on the radio
OK Mr. D.J. and a way to go
A million watts of love power comming on strong
Dance with me darling they're playing our song

Yeah they're playin our song on the radio
OK Mr. D.J. and a way to go
A million watts of love power comming on strong
dance with me darling they're playing our song

Yeah they're playin our song on the radio
OK Mr. D.J. and a way to go
A million watts of love power comming on strong
dance with me darling they're playing our song
(wooo ooh woo ooh wooo oooh woowoooo)
