

Neal Schon, Blackened Bacon

She knows what I'm talkin' about
I woke up this morning, I went down to the store
My baby wants bacon but I can't find no more
I woke up the next morning and what did I see
My baby's cookin' bacon and she blackened it for me
I've been tryin', I've been lyin', but I can't find the score
I've been tryin', I've been lyin', my baby don't talk to me no more
No she don't
Baby's cookin' bacon
