

# NEBERU, Inferiority

This life is nothing more than stabbing pain because that is what we make of it.  
I can't take it anymore, don't give a fuck and only spit on it.  
Is the only answer to make a slit and take the final exit?  
Is there nothing more to stand for, nothing more to give?  
It overcomes me every day and there's nothing I can say.  
I'm falling deeper and deeper, frustrations take it all away.  
They take it all away.  
They take it all away from me.  
Don't let the darkness win, what does it mean to be alone? Can I carry on?  
Don't let it change your thoughts, don't let it bring yourself to nought, time to restart.  
They take it all away from me, inferiority.  
I will find the answers to be free.  
I have to free my mind and restart what is left of me, I will find the answers to be free.  
Feels like I'm choking, no way for me to breathe.  
The death is knocking, time for me to leave.  
Feels like I'm drowning, drowning in my skin.  
Everything is rotting, achievements of my sins.  
I don't want to be here anymore, there's nothing more that I adore.  
Every day's a battle only to survive, what would I fight for?  
Fuck this life.  
I'm sick and tired of the pressure to always choosing right.  
Do this, do that, I'll never will, so fuck this life.
