

Neck Deep, It Won't Be Like This Forever

You know it won't be like this
It won't be like this forever
Only your kiss could stop the loneliness from sinking in

I'm trying to have some faith, and keep it all together
But I'm not sure if I can say I'm feeling any better.
Oh, don't be so pessimistic
You're gonna miss it all
Baby I hope that you calm down
And you cheer up

You know it won't be like this
It won't be like this forever
Only your kiss could stop the loneliness from sinking in,
You know it won't be like this,
It can't be like this forever
Only your kiss could stop the loneliness from sinkin in, yeah

Maybe someday I might feel the way I felt before,
On a Monday I am the rain, and you are the petrichor,
Oh, don't be so solipsistic, you're not the only one
Baby I hope what once was, is not lost

You know it won't be like this
It won't be like this forever
Only your kiss could stop the loneliness from sinking in,
You know it won't be like this,
It can't be like this forever
Only your kiss could stop the loneliness from sinkin in
from sinkin in, yeah

See, I could try to explain it
But it's just too complicated
Sometimes I think it's a curse
It's the worst
God, I hate it
It's a long shot baby, but I think we're gonna make it
We'll be there some day
And I swear that it won't be like this
No it won't be like this
No it won't be like this
No it won't be like this

Only your kiss could stop the loneliness from sinking in
