

# Necro, My Sweet Dreams

Eat My Shit!

(Verse 1)

A double-head tackle knife  
Is what I commit death with  
This bitch and I'ma rip out your heart through ya left tit  
You'll turn around and see a fuckin fist in ya face  
You'll stink like a bloody cock after I twist in your face  
So pays back with your crib black or you'll hear your rib crack  
They're ain't nothin' you can say 'cause nigga ya gay  
Dipped in glass I'm dressed to impress wind up a bloody mess  
Hop in on my oblivion expressoblivion express  
Fuck the pigs in Central Brook-yn  
I come from Sodomangle Mobile Brook-lyn  
The crack is always cooked  
And I'm taking niggas out  
Randomly, they couldn't handle me  
If you ain't down with me, fuck you plus your family  
I burn crews to death with words, Nerd!  
I'm absurd; eat terd, I sacrifice birds  
I'm the future ahead of my time  
Nigger inhale my lyrics into your brain instead of a dime

(Chorus)

Sweet dreams will make you bleed  
Who the fuck are you to look at me?  
I'll bash in your skull and send you to heaven skeeze  
Everybody's looking to die soon  
Necro wants to use you  
Necro could never be used by you  
Necro wants to abuse you  
Necro could never be abused

(Verse 2)

I be sadistic like Ed Powers  
Your body my dog devours  
A minute of torture seems like hours  
Like broke head for these showers  
The Angel of Death kid I declare war  
If you dont want to witness the gore  
Put lense-bolt on ya door  
I shall travel back in time with nuclear weapons  
And blow Auschwitz to bits, put Hitler in the tourniquette  
And spit in his face I got death for the Aryan race  
'Cause all of his followers shall become poison swallowers

(Chorus)

Sweet dreams will make you bleed  
Who the fuck are you to look at me?  
I'll bash in your skull and send you to heaven skeeze  
Everybody's looking to die soon  
Necro wants to use you  
Necro could never be used by you  
Necro wants to abuse you  
Necro could never be abused
