Necrophobic, Eye Of The Storm

(Music: Sidegrd, Ramstedt)

(Lyrics: Sidegrd)

I am the warrior I am bred of sin I am the wolf within

I am the blizzard son My enemies I tear I am their utter fear

I am the berserker In the forest I grew Changed my conscious into two

I float between the worlds
I gain might through my pains
In the north I am the ice
In the south I am but flames
Harmageddon, Ragnark
I'm the eye of the storm
Until nothing remains

Show me the sacred powers of Thurs Show me the path to my cosmic rebirth Give me a vision, give me a sign There in the flames my kingdom I'll find

(Lead: M.H./S.R.)

I search for the balance of fire and ice From Nifel to Muspell with longing in eyes I search for the wisdom the one-eyed once gained Metamorphosis obtained

I am the raging wolf Psychedelic ecstasy I change and leave my sanity

I am the elgr warrior Mystre Lycanthropique I set the primal in me free

I float between the worlds
I gain might through my pains
In the north I am the ice
In the south I am but flames
Harmageddon, Ragnark
I'm the eye of the storm
Until nothing remains
