## Needless To Say, One Night Stand

Hey there hot stuff, what ya what ya doing? Do you wanna fall in love tonight? Hey there hot stuff what ya what ya doing? I promise ill be the lay of your life She said, Uh oh, uh oh, uh oh oh Do you wanna fall in love tonight? She said, uh oh, uh oh, uh oh, uh oh I promise ill be the lay of your life From the club to the car, the bed to the floor I'd have her wake the next morning begging me for more But little does she know, she'll take me home And awake the next morning all alone Because never will I, never can I fall victim To the wretched hands of monogamy Never will I, never shall I fall We'll kiss and touch, pretend to love In the end its nothing more than fun
