

Negative, Dead As We

I was holding her forever
Through the tears, we smiled together
And commitment cost more than I could pay

This place of despair
Is all that I can feel
Where love that was meant for us
Will be as dead as we
No need to approve
Don't put the blame on me
When all that was meant for us
Will be as dead as we

She was suffering for adventure
Rest of diamonds of secret treasure
She took me deeper into the dark than I could go

This place of despair
Is all that I can feel
Where love that was meant for us
Will be as dead as we
No need to approve
Don't put the blame on me
When all that was meant for us
Will be as dead as we

Every shadow on her way
Will remind of better days

This place of despair
Is all that I can feel
Where love that was meant for us
Will be as dead as we
No need to approve
Don't put the blame on me (as dead as we)
When all that was meant for us
Will be as dead as we (be as dead as we)
No need to prove
Don't put the blame on me
When all that was meant for us
Will be as dead as we
