

Negative, Dying Feelings

Use my love
now when im down
every time
when i change my mind

some dressed up doll
what you feel about me
when im not sure
what i feel about you

With every time im down
im thinking of you
she asked me to turn around
then my mind got changed
she asked me..

Love me now
when im so down
every lie
when we find
in this love

With every time im down
im thinking of you
she asked me to turn around
then my heart got in love
she asked me..

every time i need you
every time i try forget your face
every time i need you
now im down

she asked me to turn around
then my heart got in love
she asked me..
