

# Negative, Embracing Past

Autumn rain in December  
Darkness offers company  
Some part of me  
Doesn't want to remember  
How could I forget?

I don't wanna talk about  
Of worse or of some better  
Why can't we stay  
Like this forever?  
While the rain  
Has become so much colder  
Embracing past  
It's not gonna last  
Any longer

I keep on thinking,  
Thinking its so relieving  
To hear how you feel  
To know that you're not rejecting me yet  
Would you ever think of me?  
You know I can't stand when you say so  
Oh, how much I hate

I don't wanna talk about  
Of worse or of some better  
Why can't we stay  
Like this forever?  
While the rain  
Has become so much colder  
Embracing past  
It's not gonna last  
Any longer

I don't wanna talk about  
Of worse or of some better  
Why can't we stay  
Like this forever?  
While the rain  
Has become so much colder  
Embracing past  
It's not gonna last  
Any longer
