

# Negative, Secret Forgiveness

You're my all  
I need you beside me  
Hurts too much to be apart.  
Oh how sweet but still so deceitful  
This life and love can be  
And I was the one who never wanted  
To let you know  
Wanted to let you know.

As much as we're in a love  
That seems so tender  
And more in love than  
We ever believed we could be in  
Now and forever, we finally surrender  
So we surrender now or never again

Sweet and kind confusion inside me  
Needs to find out what 'us' really means  
Can't believe how sweet and deceitful  
You and I, we both can be  
And I was the one who never  
Wanted to let you go.
