

# Negativland, Drink It Up

When Hi-C gets me low  
My lubbot's blue ain't blue it's brown  
my nestle's quick just makes me slow  
when my sparkling cider's lost its shine  
my can of sharp's is dull  
hawaiian punch has knocked me cold  
a feeling hits my skull.

and my mind just turns to pepsi  
and i couldn't tell you why  
smart drinks lead me to forget  
and coke won't get me high  
when constant comment won't shut up  
i'll sit right down and fill my cup  
with pepsi  
drink it up

When diet rite to me is wrong  
my country time's expired  
my minute maid's an hour long  
my maxwell house won't get me wired  
when my pet milk turns on me  
and my five alive is dead  
when my royal crown's been overthrown  
an impulse hits my head  
and my mind just turns to pepsi and i think of it a lot  
my swiss miss just wasn't pure  
and kool-aid isn't hot  
when a lot of smoothies rough me up  
i'll turn to a bigger cup of pepsi  
drink it up...

when samuel adams makes me ail  
dr. pepper's not around  
when sweet success has let me fail  
i crave a flavor most profound  
and my mind just turns to pepsi  
when i look i see i buy  
my crystal light has just burned out  
and canada's gone dry  
my yoohoo will not call to me  
i am a loyal endorsee of pepsi  
drink it up

-----&gt; words &quot;drink it up&quot; sung in background while boy speaks:

it's just a funny thing..

it's just a funny thing..

that pepsi commercial where there's the sun setting on this farm  
and you hear this noise &quot;reeh reeh&quot; &quot;reeh reeh&quot;;  
and you don't know what it is  
and then you see in the back of the barn  
and there's a soda machine  
and this guy has a dollar bill and it goes &quot;reeh reeh&quot; &quot;reeh reeh&quot;;  
and then it takes it (voice over from ad &quot;yes!&quot;)  
and he goes &quot;yes!&quot;;  
&quot;yes!&quot;;

-----&gt; back to singer:

everybody drink it up
