

# Neil Diamond, If I Never Knew Your Name

You, get me feelin' crazy  
There always on my mind  
And I get to feelin' lately  
If I never knew your name,  
I'd love you all the same  
But I have you to myself  
Wanting nothing else  
Knowing that you're mine

Good time,bad time,all the time  
Hands reachin' 'cross a room  
And I know somewhere inside my mind  
If I never knew your name,  
I'd love you all the same,  
But I have you to myself  
Wanting nothing else  
Knowing that you're mine

Ba ba ba ba ba  
Ba ba ba ba ba

And I know somewhere inside my mind  
If I never knew your name,  
I'd love you all the same  
But I have you to myself

Wanting nothing else  
Knowing that you're mine  
Have you to myself  
Wanting nothing else  
Knowing that you're mine...
