

Neil Diamond, Just Another Guy

Just another guy that you see around
No more than a face
Somewhere in the crowd
Then when you pass
I 'm feeling sorrow
'Cause you're so near
Yet, you're so far away

I know that I'm a fool for wanting
What I can't have
If I say I loved you you'd only laugh
So each night I'd dream that you're mine
And wake each morning only to find
That I'm just another guy

I know in my heart that
I don't stand a chance
But I just can't end this one way romance

Maybe someday
I'll be there by your side
But if I remain just another guy
You'll be here in my heart forever
And I know that darlin' you'll never be
Just another girl to me
