

Neil Diamond, My Babe

My babe, I got my babe
And I won't lie babe
Without your love
I'm just one of a million other guys

Well it's a hard time world,
With part time girls to spend your time with.
And life ain't always fair but I don't care
As long as I'm with

My babe
I got my babe
And I won't lie babe
Without your love
I'm just one of a million other guys

You take one look around
You'll hear the sounds of young hearts breakin'
The game's galled runnin' free,
It ain't for me
'Cause my hearts taken with

My babe,
I got my babe
And I won't lie babe
Without your love
I'm just one of a million other guys

My babe, I got my babe
And I won't lie babe
Without your love
I'm just one of a million other guys
