

# Neil Diamond, River Runs, New Grown Plums

She got to want, yeah,  
Ev'rything I can't give her  
But all that she wants, yeah,  
Is knowin' that I'm there with her  
River runs on down  
Nothin'll keep it from where it's bound  
New grown plums are blue  
Honey it's natural  
I love you  
La la la la la la....  
Look at her now, yeah  
Barefoot and full o' sassy  
When she's around, yeah  
I don't know and don't ya ask me  
River runs on down  
Nothin'll keep it from where it's bound  
New grown plums are blue  
Honey it's natural  
I love you  
La la la la la la....  
River runs on down  
Nothin'll keep it from where it's bound  
New grown plums are blue  
Honey it's natural  
I love you
