

Neil Diamond, Santa, Santa

Dear Mr. Claus
My name is Juan
You are well liked
Where I come from
I know how busy you must be
But Santa please remember me
Santa, Santa

Remember the time of year
December is almost here
I live by Cathedral Square
My brothers live also there
They do not believe in you
But please bring them something to
Santa, Santa

Remember the time of year
December is almost here
It's getting late
And I must go
But I would like for you to know
I know you're real
And I believe that you'll be here
On Christmas Eve
Santa, Santa

Remember the time of year
December is almost here
Santa, Santa
Christmas is almost here
Santa, Santa

Remember the time of year
I'll leave a light
We have no fireplace
Santa
