

Neil Diamond, Soolaimon/Brother Love's Travelin

Come she come say
Ride on the night
Sun becomes day
Soolaimon
Day shall provide

Soo, soolaimon
Soolai, soolai, soolaimon
Soo, soolaimon
Soolai, soolai, soolaimon
Soo, soolaimon
Soolai, soolai, soolaimon

Lord of my want, want, want
God of my need, need, need
Leading me on, on, on
On to my woman, she dance for the sun
Lord of my day, day, day
God of my night, night, night
Seek for the way, way, way
Taking me home and shes calling my name

Brothers and Sisters
and little bitty children black and white
and rich and poor and great and small
god's children all god's children sing halleluja

And the good lord gave us two hands
for the giving and the taking
and when your brother's hungry and ain't got what to eat
when he's tired and ain't got where to sleep
when his heart is filled with ache and the pain
and he ain't got who to cry with
brothers you got to take your hand and put it out to him
take your hand, take your hand brothers and that's for it's there for
sing halleluja
and brothers of the morning and the end of the day fullfills that promise
and you got to take your other hand
take your other hand
take your other hand brothers
and put it out to the man up there
saying what he's there for
halleluja

Take my hand Sweet Lord, walk with me this day
In my heart I know, I will never stray
Halle-halle-halle-halle-halle-halle-halle

Pack up the babies, Grab the old Ladies

Lord of my want, Soolaimon
God my need, Soolamon
Leading me on,
Taking me home
Taking me home
